

Le Régent Graduation Diploma

The Graduation Diploma is designed for those who want to graduate from a “High School” with an appropriate academic background, however, for a number of reasons, the International Baccalaureate Diploma may not be a suitable option. This route allows students to follow an academic path and will therefore be eligible for a university or college education if they wish.

The minimum requirements for graduation from Le Régent are 20 credits (1 credit = 120 classroom hours).

To be awarded a Graduation Diploma, students must complete at least the last two years of their High School education at Le Régent. Subjects studied in earlier years of their schooling may count towards graduation requirements.

Students are required to enroll in a minimum of five academic credit courses per year or the equivalent. An alternative programme may be designed for students with special talents, interests, or needs. Such a programme must follow established guidelines and requires the approval of the High School Academic Team.

The standard requirements are as follows:

Credit	Subject	Requirements
4 (HL) 3 (SL)	English	Four years as either a first or foreign language, including the last two on an IB A or B course*

*Either English or Mother tongue must be taken as an A language. If a student is not able to complete this requirement then they will receive a certificate of attendance which can be used for university applications.

The student must also complete his or her education in good disciplinary standing and with an attendance record of not less than 90% unless otherwise authorized or admitted by the Academic Team
