### C) SUPPLEMENTARY EXPENSES

The expenses below are charged once a year at the beginning of the school year.

## 1) Accident and Medical Insurance

- Before the summer preceding their arrival, all students admitted to Le Régent must send the admissions secretariat a health questionnaire, completed by their family doctor. The insurance company used by Le Régent may, on the basis of the health questionnaire, decide not to insure a student; in such cases our specialist staff will be in contact with the family to decide on appropriate alternatives.
- Parents who are permanent residents in Switzerland must insure their children under the LAMal sickness and accident insurance scheme; they are responsible for all contact and communication with the health insurance provider.
- It is compulsory for all Le Régent students who are not permanent residents in Switzerland to be covered by the school's collective medical insurance policy. This covers medical, hospital and medical costs relating to sickness or accidents. This insurance provides private cover in all Swiss hospitals; during visits abroad (trips, holidays), treatment is covered up to the cost of equivalent treatment in Switzerland. Only dental and orthodontic fees resulting from an accident are covered.

This insurance policy is effective from 1 September to 31 August.

- Le Régent undertakes all administration relating to student medical insurance: invoices for medical treatment are debited from the student's account and any reimbursements are credited upon receipt.
- The fixed annual charge of CHF 3'100.- covers health and accident insurance including nursing care and medicine administered by Le Régent nursing staff during the academic year.

### 2) Various

- · Uniform items provided by Le Régent
- MacBook Air (grades 6 to IB2): a supplementary fee of CHF 1'600.- covers access to the school IT helpdesk, software, school and security programs. On departure, the laptop belongs to the student.

- · IB1 supplementary fee: CHF 6'000.-
- · IB2 supplementary fee: CHF 6'000.-

The supplement covers the cost of all related charges, including IB Diploma Programme administration, delivery of the IB Core, teaching and learning resources, course materials, the running of internal and external assessments and all fees and costs related to IB examinations.

### 3) Visas and Residence Permits

- · Le Régent assumes responsibility for requesting Swiss residence permits for boarding students only.
- The permit process in the canton of Valais is dependent on presenting valid documentation to the admissions secretariat and for some countries, a visa. The admissions secretariat will issue a visa invitation for enrolled students.
- Securing a visa to allow entry to Switzerland is the responsibility of the parents. The school declines any responsibility in case of late arrival due to a visa problem or any other necessary documents for entry into Switzerland.
- A student is permitted to change status from Boarding to Day if the parents have provided the required documentation to the admissions secretariat that confirms their residency and guardianship in the Haut Plateau.

## F) USE OF PHOTOS & VIDEOS

As part of its communication policy, Le Régent's publications (including its website, social networks or documents sent to parents) use photos and videos taken during school activities, celebrations and sporting competitions. It is understood that in signing this document parents agree to this; if not, they should inform the school administration.

## **G) CONTRACTUAL AGREEMENT AND LITIGATION**

- By enrolling or re-enrolling their child and meeting the financial conditions, the undersigned parents confirm their agreement with the financial conditions set out in both this document and in the school codes which can be consulted on the school website.
- By signing this document, the parents agree to abide by these policies. They undertake to maintain this contractual agreement with Le Régent, including those provisions relating to health care and accident insurance, even when their child legally reaches adulthood, and until their child leaves Le Régent.
- Parents receive an updated version of the present document every year. This annually updated version is automatically applicable, and replaces earlier versions signed by the parents. The contractual agreement between the parents, the child and the school is, in the final instance, subject to Swiss law. The term "parents" used in this document is understood to refer to the child's legal representative.
- Should there be any case of litigation between the school, the students and the parents, this will be settled by courts in the Canton of Valais (Switzerland).
